

TABLE 1**Module topics.**

	Topic
Module 1	Regional anatomy
Module 2	Cellular anatomy and mitosis
Module 3	Introduction to tissues
Module 4	Microscopes and histology
Module 5	Integument system
Module 6	Axial skeleton
Module 7	Appendicular skeleton
Module 8	Appendicular muscles
Module 9	Axial muscle
Module 10	Anatomy of the central nervous system
Module 11	Anatomy of the peripheral nervous system
Module 12	Physiology reflexes
Module 13	Anatomy of the eyes and ears
